

JUAN PABLO OJEDA

Front-End Developer (Junior)

- 0261-152400937 • juampyojeda.dev@gmail.com
- Mendoza, Argentina • <https://www.linkedin.com/in/juanpojeda/a>

PROFESSIONAL PROFILE

Web Developer with a background in Systems Engineering and certifications in Full-Stack Development, Digital Marketing, and Python. I have solid knowledge of HTML, CSS, JavaScript, and React, with experience in projects involving both Front-End and Back-End development. I stand out for my problem-solving ability, quick learning of new technologies, and adaptability to dynamic environments.

I am seeking my first professional experience in IT, prioritizing positions as a Front-End or Web Developer, with availability for on-site or hybrid work in Mendoza, or remote positions at a national or international level.

EXPERIENCE

May 2021 – Present | Administrative & Sales Assistant – Abertec

- Manage relationships with clients and suppliers.
- Perform administrative and sales tasks: invoicing, sales follow-up, and issue resolution.

Achievements: Consistent compliance with delivery deadlines. Organized internal workflows that reduced claims. Improved customer satisfaction through personalized service.

Nov 2019 – Apr 2021 | Sales Advisor – Terra House

- Advised clients on housing plans, identifying their needs and providing tailored solutions.
- Managed a client portfolio to ensure satisfaction and retention.

Achievements: Met sales targets. Strengthened client loyalty through personalized attention. Streamlined internal processes to improve efficiency.

Jul 2019 – Oct 2019 | Sales Advisor – Autocrédito S.A.

- Analyzed client needs and offered suitable investment plans.
- Maintained communication with prospects and handled inquiries.

Achievements: Built trust with potential clients. Developed effective proposals that facilitated decision-making. Expanded the company's client base.
